NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER, 2011

1. Statement of Accounting Policies

Reporting Entity

New Zealand Wool Classers Association Incorporated is a society incorporated under the Incorporated Societies Act 1908. These financial statements have been prepared in accordance with the New Zealand Institute of Chartered Accountants Financial Reporting Standards and Statements of Accounting Policies.

The society is a qualifying entity for the purposes of differential reporting because it is not publicly accountable and not large as defined by the following tests:

- Total assets less than \$10 million
- Turnover less than \$20 million
- Total full time equivalent employees are 50 or less

The society has taken advantage of all the differential reporting exemptions.

Measurement Base

Unless otherwise stated, the measurement base adopted is historical cost.

Specific Accounting Policies

The following specific accounting policies which affect the measurement of financial performance and financial position have been applied.

(a) Accrued Interest Receivable

Accrued interest receivable is stated at the estimated net realisable value.

(b) Investments

Investments are stated at cost.

(c) Goods and Services Tax (GST)

The financial statements have been prepared on a GST exclusive basis whereby all items in the Statement of Financial Performance, together with stock on hand and fixed assets, have been recorded exclusive of GST. Accounts receivable and accounts payable are recorded in the Statement of Financial Position inclusive of GST. GST owing to or by the entity at balance date, as recorded in the Statement of Financial Position, has been determined on an accruals basis.

(d) Income Tax

The society complies with the Inland Revenue Department's policy for Non-profit Organisations, and as such is only required to pay tax on non member transactions, namely interest, and is entitled to a \$1,000.00 income tax deduction. The charge for income tax is stated as the estimated tax payable after allowing for this deduction and non taxable movements in accrued interest receivable. Movements in accrued interest receivable are non taxable as the society is a Cash Basis entity under the financial arrangement rules and hence is only required to pay tax on interest when it is physically received.

(e) Changes in Accounting Policies

There have been no changes in accounting policies that would have a significant effect on the determination of profit for the year.

All policies have been applied on bases consistent with those used in previous years.
