1 Statement of Accounting Policies

Reporting Entity

New Zeland Wool Classers Association Inc. is a society incorporated under the Incorporated Societies Act 1908.

Statement of Compliance and Basis of Preparation

The financial statements have been prepared in accordance with taxation principles contained in the Income Tax Act 2007 and disclosure requirements contained in the Tax Administration (Financial Statements) Order 2014.

The accounting principles recognised as appropriate for the measurement and reporting of the Statement of Financial Performance and Statement of Financial Position on a tax value basis are followed by NEW ZEALAND WOOL CLASSERS ASSOCIATION INC., unless otherwise stated in the Specific Accounting Policies.

The information is presented in New Zealand dollars. All values are rounded to the nearest \$.

Specific Accounting Policies

The following specific accounting policies which materially affect the measurement of the Statement of Financial Performance and Statement of Financial Position have been applied:

(a) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable for the sale of goods and services, to the extent it is probable that the economic benefits will flow to NEW ZEALAND WOOL CLASSERS ASSOCIATION INC. and revenue can be reliably measured.

Interest received is recognised as interest accrues, gross of refundable tax credits received.

(b) Trade Receivables

Trade Receivables are recognised at estimated realisable value.

(c) Property, Plant & Equipment

Property, plant and equipment is recognised at cost less aggregate depreciation. Historical cost includes expenditure directly attributable to the acquisition of assets, and includes the cost of replacements that are eligible for capitalisation when these are incurred.

All other repairs and maintenance are recognised as expenses in the Statement of Financial Performance in the financial period in which they are incurred.

Depreciation has been calculated using the maximum rates permitted by the Income Tax Act 2007.

Gains and losses on disposal of fixed assets are taken into account in determining the net result for the year.

Notes to and forming part of the Financial Statements (continued)

For the Year Ended 31 December 2019

(d) Income Tax

The Society complies with the Inland Revenue Department's policy for non-profit organisations and as such is only required to pay tax on non member transactions, namely interest, and is entitled to a \$1,000 income tax deduction. The charge for income tax is stated as the estimated tax payable after allowing for this deduction and non taxable movements in accrued interest receivable. Movements in accrued interest receivable are non taxable as the society is a Cash Basis entity under the financial arrangement rules and hence is only required to pay tax on interest when it is physically received.

(e) Investments

Investments are stated at cost.

(f) Goods and Services Taxation (GST)

All amounts are stated exclusive of goods and services tax (GST) except for accounts payable and accounts receivable, which are stated inclusive of GST.

(g) Investment Properties

Investment property is measured at cost and applies the cost method.

(h) Changes in Accounting Policies

There have been no changes in accounting policies. All policies have been applied on a basis consistent with those from previous financial statements.
