

Store classer “SP” prefix
WOOL STORE CLASSING INSPECTION

NOTE: APPLICANT TO HAVE THIS FORM PRINTED OUT, THEIR SECTION COMPLETED AND AVAILABLE TO THEIR INSPECTOR AT OR PRIOR TO TIME OF INSPECTION

- *Provisional store classer inspection for a registration prefix upgrade is a two-step process. Criteria for both inspections must be per the NZWCA forms, available on the website www.woolclassers.org.nz in the “Forms” tab.*
- *Appointed store classer **store management** inspector to make the face to face store inspection using the store management inspection form, not this one.*
- *Appointed store classer **classing** inspector – most likely to be a valuer or buyer – may be a different person to the store management inspector. Use this form for requesting classing inspection.*
- *An inspector, a person with proven store classing and/or wool valuing or buying experience, appointed by NZWCA Registrar, must not be employed by the same company as the classer seeking upgrade.*
- *For the wool store classing inspection, once an inspector is identified for a store classer applicant, it will be the applicant’s responsibility to communicate with their inspector what lines they are putting up for inspection and what sale the lines will be in. This may be spread over several sales.*

NOTE: Applicant must vouch that all wool in lines they are putting up for inspection has only been classed by them.

Date:	NZWCA Registration:
